Comments:

Love the graphic simplicity of the black and white images and the interesting right angles.

Very talented artist.

Excellent.

Wanted to score higher than a 5. Glad to get away from "photography as representational of what is" to "photography as vision".

Wish I could score higher than 5. Wow! Love the work, knowledge, insight, humor and concise.

Should be a 10. Probably the most inspirational photography talks I have ever seen.

Should be a 10.

Excellent speaker - provocative, inspiring.

Wow - best one yet. I really got so much from Kevin *****.

Energetic, best of the day.

Before and after very effective in highlighting your vision and skill.

Love the convergence of life and art.

Excellent!

It was interesting but doesn't help me modify an image in Photoshop.

His presentation spoke to me.

Great/best.

Great! Great! Great!

Humor and straight-forward. Great images. Compelling talk on vision.

Excellent work and presentation.

Energetic, good flow of info.

Very creative.

Very inspiring.

Great presentation. Loved the series idea.

Excellent presentation. Loved his visions and lighting. Would love to learn this.

Wanted to give an 8. Awesome. Inspirational.

Great presentation. Good speaker.

Great talk.

Great presentation. Wanting to know more how he got his final image.

No "how-to" however.

Great vision, excellent presenter.

Very good!

Stunning work.

Awesome explanation of putting projects together with a central theme. Great images. Nice explanation of how some images were made showing before and after.

Excellent! Funny engaging, fantastic work. Loved the before and after.

Inspirational! Excellent, exceptional work. Excellent presentation skills.

Excellent presenter. Love his vision, image titles, and meaning he tried to convey.

Very entertaining. Great message. Best of the day.

Excellent keynote speaker. Good message, energy, humor, really inspiring.

Excellent. Totally impressed.

Very helpful in going from photo to image.

Unique photos - were explained.
